

Distinction in Research and Creative Works

Bioengineering Department

Student Application:

Name:

Phone:

Rice Email:

Expected Graduation Date:

Please check all boxes that apply:

- I am first (or equal contribution second) author on a research manuscript, either published or accepted by a peer-reviewed journal. NOTE: Conference proceedings and review papers, even if peer reviewed, are not considered journal papers for this award.

Journal Citation: _____

- I have won an undergraduate research award at a national, professional society conference (e.g., BMES, AIChE, ASME, Society for Biomaterials, TERMIS). NOTE: Regional conference (e.g., Southwest Biomedical Engineering Conference, Biomaterials Day) or campus-based conference (e.g., RURS, ATE) are not considered national society conferences for this award.

Name of Award: _____

- I have conducted research or independent design for 3 or more sessions. (A session is defined as an academic year or a summer.) The student may work in different labs and/or have different advisors through these sessions. Examples of minimum times include 3 academic years; 2 academic years and 1 summer; 1 academic year and 2 summers; and 3 summers.

Mark/circle sessions and locations worked

Date	Length	Location (e.g., lab PI, university)
Freshman Year	Fall / Spring	_____
Summer 1 st Year		_____
Sophomore Year	Fall / Spring	_____
Summer 2 nd Year		_____
Junior Year	Fall / Spring	_____
Summer 3 rd Year		_____
Senior Year	Fall / Spring	_____

- I have contributed substantially to research or design efforts in one or more labs or locations by co-authoring a publication. The publication may be published, in press, in review, or in preparation. Publications may include a peer-reviewed journal paper, review paper, or other types.

Citation: _____

- I have contributed substantially to research or design efforts in one or more labs or locations by co-authoring a paper (conference proceedings, abstract) or poster that has been presented at a technical meeting. Papers and posters at regional and national conferences will be considered. NOTE: Submissions to Rice-only, on-campus events such as RURS are not considered eligible.

Citation: _____

Description of Research, Design, or Creative Works (please include the title of your project – if you receive this award, your title might be included in the commencement program): (500 maximum word count):

Student Signature: _____
